Profile

From a young age I have been working at various places and have picked up some skills and qualities along the way such as: out of the box thinking, teamwork, leadership and a strong drive not to give up. I am very passionate about technology and very curious to know where we will go next in development. The thought of being part of such a movement gets me excited .

I am a student lead and software developer with emphasis on web development and Internet Things (IoT). I am constantly improving on my skills to stay valuable in our ever-changing field of technology.

I have a strong believe in the statement: "Alone you will go fast, but together, you will go far."

Education

UNIVERSITY OF CAPE COAST
Program reading: B.Sc. Computer Science

Level 400(final year)

SUHUM SENIOR HIGH TECHNICAL SCHOOL(SUTESCO)
Program read: General Science

2013-2016

TAKORADI RIDGE INTERNATIONAL SCHOOL
Wrote my B.E.C.E here at the end of my study.

2007-2013

Experience

2018 to date: student lead with the Department of Computer Science and IT
- ➢ I deliver lessons to students to help them with some of the courses.
- ➢ I have been a student lead for Ethical Ai where I taught students python, Data science and some applied Ai.
- ➢ Have been a lead for Python Cape coast from 2020 to date where we teach student programming.
- ➢ Lead for Cyber Security club on campus where I teach students security, networking,ethical hacking and web development.
- ➢ I used a raspberrypi 3B, arduino uno ,servos ,car chasis, raspberry pi camera. To build an Ai system that can detect specific object and can be viewed by users any where on the network.
- ➢ - programming languages used were python and c/c++.

June, 2020: side hustle (online-Internship)
- ➢ Was taught mobile App development with flutter .
- ➢ Learnt python during the internship

Extracurricular Activities

University of Cape Coast -   Google Developers Group

University of Cape Coast - Ghana Association of Methodist Students(GAMSU)

University of Cape Coast -   Ethical Ai (Ex-lead)

University of Cape Coast   -   Cyber Security club (lead)

Cape Coast   -   Python Cape Coast(Lead)

Personal Achievements

Have attained the following Certificate(s) and trained in:
- ➢ Cyber Security and programming (python) from Kofi Annan IT training Center
- ➢ System Engineering (networking(N+),comptia A+,linux fundermental)
   from IPMC.

Projects
- ➢ Help Build(hardware and software) a bell system for quiz competition programming language used c.
- ➢ Build a hall management system for my hall with a friend
- ➢ Networked a Lab for e-voting

- ➢ Currently IT coordinator for the Association and the Department of computer Science and Information Technology

- ➢ Was a class Dining Hall prefect in Sutesco
- ➢ In JHS:
  - Was a compound overseer in JHS 3
  - Was a section leader in class 6
  - Was a class prefect in class 4

Personal Skills

- ➢ Programming Skills: HTML, CSS, JavaScript, PHP, Python, C++ (moderate knowledge), Arduino, Bootstrap, dart.

- ➢ Cyber Security and Data Scientist

Personal Interests

I love science,Technology and coding. I like to be active and I am a big fun of anime. I am always ready to learn and accept any challenge given to me. I am a great team player and a strong believer

in cooperative efforts.
